

A romantic scene of a couple kissing on a balcony. The man is in a brown suit and white bow tie, and the woman is in a white wedding dress. They are surrounded by lush greenery and a large floral arrangement. The background shows a sunset over the ocean. A large, light blue 'V' shape is overlaid on the image. A blue horizontal band is at the bottom, containing the text.

Wedding styling service

At Indigo Waiheke, we believe that one of the most important jobs of a wedding planner is styling a wedding that makes you and your guests say 'WOW'. We specialise in curating a style that truly represents you as a couple. We work diligently in styling everything that you & your guests will see, from the arrival, ceremony, cocktail hour, reception & everything in between. Our goal is to create spaces that guests are comfortable in & areas that are just as beautiful as you envisioned that they would be.

'On the day' services

For couples who have carefully planned their ideas & just need somebody to bring everything together on the day, we've got you covered.

Partial wedding planning service

Maybe you have already secured the wedding & reception sites but require some assistance on a few other vendors. Or perhaps you want to host a micro wedding but need some extra assistance. You might be a 'Type A' kind of couple but you need help to execute all of your ideas. Not everyone requires the full help of a wedding planner from start to finish, but would benefit from some guidance along the way.

Full wedding planning service

The Full Wedding Planning option is for the couple who would like a full-time wedding planner overseeing every aspect of their wedding day. This option is great for couples who have busy lives & don't have time to spend working through the details that wedding planning demands.
